

Quantum70

Wireless Control Panel

The Quantum is a fully integrated, wireless control panel using HKC's SecureWave, two-way technology. The on-board horizontal and vertical antennas mean that all signal paths will demonstrate exceptional end-device range. With an integrated keypad, siren and dialler, installation will be very quick and easy. Also, the aesthetics and elegant design lines mean that it can be mounted anywhere in the premises.

Installer:
Crosby Intruder Alarms
20 Endbutt Lane,
Crosby,
Liverpool,
L23 0TR
